

	First Name	Mohammad Ali
	Last Name	Atlasi
	Birth	19 th April, 1965
	Degree	PhD of Anatomical Sciences
	Rank	Associated Professor
	Fax Number	0098-3615551112
	Primary Email	atlasi-m@kaums.ac.ir
	Secondary Email	atlasima@gmail.com
	Main Area of Work	Kashan University of Medical Sciences
	Work Address	Anatomy Department. Faculty of Medicine, Kashan University of Medical Sciences (KaUMS), Qotb-e Ravandi, P.O.Box: 87166 -14751, Kashan, Iran

Educational Background	
4	2004-2005; Fellowship in Neuroscience, The sick kids Hospital, Toronto, Canada (affiliated with the University of Toronto)
3	2000-2005; PhD in Anatomical sciences , Tehran University of Medical Sciences, Tehran, Iran
2	1987-1990; MSc in Anatomical sciences, Tarbiat Modarres University, Tehran, Iran
1	1983-1986; BSc in Physiotherapy, Rehabilitation faculty of Shiraz. University of Medical sciences, Shiraz, Iran

Occupational Background	
	2011- Present: Associated Professor of Anatomical sciences, Kashan University of Medical Sciences, Kashan, Iran
	2005-2011: Assistant professor of Anatomical sciences, Kashan University of Medical Sciences, Kashan, Iran
	2004-2005:Fellowship in Neuroscience, Hospital for sick children (sickkids), Toronto, Canada
	1991 – present: Lecturer of Anatomy department, Kashan University of Medical Sciences, Kashan, Iran

Conference Presentations- National	
	Effect of progesterone on in vitro expression of S100, P0, and Krox-20 in adipose derived stem cell . 10th Iranian Anatomical Sciences Congress , 9-11May 2012, Guilan university of Medical Sciences, Rashat, Iran
	Comparison between 2-vessel and 4- vessel occlusion techniques on number of hippocampal CA1 neurons following ischemia and reperfusion, 10th Iranian Anatomical Sciences Congress , 9-11May 2012, Guilan university of Medical Sciences, Rashat, Iran
	Different origin and superficial course of ulnar artery. 10th Iranian Anatomical Sciences Congress , 9-11May 2012, Guilan university of Medical Sciences, Rashat, Iran
	Galactine -3 expression as an inflammatory marker in testis rat after vasectomy. 10th Iranian Anatomical Sciences Congress , 9-11May 2012, Guilan university of Medical Sciences, Rashat, Iran
	Increasing anatomy of skeletal muscle learning with computerize animation. 10th Iranian Anatomical Sciences Congress , 9-11May 2012, Guilan university of Medical Sciences, Rashat, Iran
	Glutamergic signaling system gray and white matter in animal model of MS. 10th Iranian Anatomical Sciences Congress , 9-11May 2012, Guilan university of Medical Sciences, Rashat, Iran
	Experimental models creation of ventricular septal defect. 4th Middle East Cardiology Congress. 2010, Kish, Iran
	Clinical study of ventricular septal defect and its relation with child growth. 3th Iran-Arab (Middle East) Cardiovascular Congress. 2009, Kish, Iran

	Comparison of abilities of three detergents on the purification of mitochondrial porin. The 9th Iranian congress of Biochemistry & The 2nd International Congress of Biochemistry and Molecular Biology. 2007, Oct 29-Nov,1. Shiraz, Iran.
	Effects of honey, sesame oil, and camphor on healing of second degree burn wounds in the rat. Razi Congress of Dermatology, 2007, 25-27 April, Tehran, Iran.
	Interaction of porin with other mitochondrial proteins after brain ischemia. 14th International congress of Neurology and Clinical Electrophysiology, 2007, 22-25 May, Tehran, Iran
	Effects of sciatic nerve repair on ultrastructure of dorsal root ganglion neurons in adult rat. 12th Congress of Neurology and Clinical Electrophysiology, 2005, 26-29 April, Tehran Iran
	Ultrastructure evaluation of primary sensory neurons following sciatic nerve repair. 7th Iranian congress of anatomical sciences, 2006, 10-12 May, Kashan, Iran
	Comparison of two surgical repair techniques of sciatic nerve on primary sensory neurons survival. 7th Iranian congress of anatomical sciences 2006,10-12 May, Kashan, Iran
	Clinical study of ventricular septal defect and its relation with child growth. 7th Iranian congress of anatomical sciences 2006,10-12 May, Kashan, Iran
	Practice background on anatomy education. Presented at 4th international congress of anatomy,1999, 18th - 20th November, Tehran. Iran
	Evaluation of clinical radiological symptoms and skin reaction of tuberculin in pulmonary T.B. patients.The 14th nationwide congress on tuberculosis,1998, 13th-15th October ,Kashan.Iran
	Comparison of the effects of closed-ended and open-ended vesectomies on histopathology of epididym.5th international congress of anatomical sciences,2001,13th-15th November, Tehran.Iran
	Effects of cadmium chloride on cochlear development in mice.5th international

	congress of anatomical sciences, 2001, 13th -15th November, Tehran, Iran

Conference Presentations- International	
	Variation in accessory hemiazygous and left superior intercostals veins. 10th Congress of European Association of Clinical Anatomy. 2009, Istanbul, Turkey
	The effect of surgical nerve repair on primary sensory neurons survival. 10th Congress of European Association of Clinical Anatomy. 2009, Istanbul, Turkey
	Type of cell death in dorsal root ganglion neurons following peripheral nerve injury and surgical repair. Eighteenth Meeting of the European Neurological Society. June 2008, Nice, France
	Role of c-Jun on dorsal root ganglion neurons survival after nerve transaction and surgical nerve repair. The 5th Asian –Pacific International congress of Anatomists & 8th Iranian Congress of anatomical Sciences. 2008, 16-19 May, Tehran, Iran.
	Morphometric study of primary sensory neurons following surgical nerve repair in adult rat. 9th European Clinical Anatomy Congress, 2007, Sep. Prague, Czech
	Four Arterial Variations in Ipsilateral Upper Limb. 9th European Clinical Anatomy Congress, 2007, Sep. Prague, Czech
	Comparison of the effects of closed – end and open – ended vasectomies on histopathology of epididym. 9th Annual scientific meeting of middle east fertility society, 2002, 30th October-2th November, Cairo, Egypt
