## MEMBERSHIP

1	Member of WFME of Kashan University of Medical Sciences. mar.2002-2006
2	Member of Educational development Center (CDC).may 2000-2005
3	Member of Education Council of Kashan University of Medical Sciences.Dec.1994-Mar.2004
4	Member of Research Council of Kashan University of Medical Sciences. Dec.1994-Mar.2004
5	Membership of American Society for Microbiology(ASM)
6	European Society for Clinical Microbiology and Infectious disease(ESCMID)
7	Iranian Society for Clinical Microbiology(ISM)
8	Member of medical Council 2003-2007
9	Member of Research Council of Kaums – 2006-Now
10	Member of RUD 2006-Now
11	Iranian Board of bacteriology 2008-2010(Now)[
12	Assasment Comitte of University

## WORK EXPERIENCE

1	SYNTHESIS OF monocyclic $\beta$ Lactam 4-Phenyl=Monobactamic Acid
2	Research in the fled of Antibiotic Research, Nosocomial Infections

## RESEARCH INTEREST

1	Molecular Cell Biology: Approach to Diagnostic of Infectious Disease and Cancer
2	Research in field of Antimicrobial Resistance (MDR, MRSA): Determination of the Genum that Caused Resistance in the Bacterial
3	Genetic Variation: Molecular Mechanism and Impact Microbial Evolution

## RESEARCH IN WORKING

1	Evaluation of accuracy of molecular detection of IS6110 in identification of tuberculosis patients in Kashan city.
2	Evaluation of prevalence of Methicillin resistant Staphylococcus aureus with Multiplex-PCR and typing these strains with PCR-based method in Kashan city,Iran.
3	Evaluation of prevalence of Extended-Spectrum- $\beta$ -Lactamases-producing Enterobacteriaceae with molecular methods in Kashan city, Iran.
